ORGANIZATION WIDE:

A. BUILDING

PLAN REVIEW:

- Ritz Carlton residential construction division submitted a model plan set for review. This is the first of three model plan sets that will be constructed on the recently split Ritz residential lots.
- They inform us that there has been quite a bit of interest from perspective purchasers related to this scaled-down product.
- Our plans examiners are also currently working on several residential custom home plans as well as several builder model plans. We have one commercial office building for Hunter Construction under review.

INSPECTIONS:

- One senior building inspector is dedicated to the Ritz group of projects and the other two inspectors are undertaking the remaining inspections throughout the town.

Construction Activity Report is attached

B. CAPITAL IMPROVEMENT PROJECTS

SILVERBELL ROAD INTERCEPTOR PROJECT: 1999-050

- Silverbell Rd and Ina Rd have been striped with thermoplastic paint and raised pavement markers are in place
- Permanent signs have been installed. The speed limit is posted at the running speed of 45MPH.
- Riprap still remains to be placed around drainage headwalls for the District Park.
- Landscaping work is complete along Silverbell Rd. The establishment period will begin at the end of February. Obelisks are on site and are being finalized by the artist with the mosaic inserts.
- Mamie Kai Circle has been paved as well as the northeast parking lot thus allowing access to the Library. Schisler Dr into the Library is closed due to the installation of manholes and sewer lines for the District Park.
- Phase I work in the District Park continues with earthworks, grading, drainage, and curb. Drainage structures to the Santa Cruz River have been installed with the headwalls in progress.
- Grading for the multi-use path is complete. The path has been paved from Cortaro to Ina Rd.
- Preliminary punch list items are being tended to.
- Value engineering, environmental concern monitoring, testing, quality control and assurance are on-going daily. The project has had no reported safety issues.

THORNYDALE ROAD PROJECT:

- The project is in the landscape establishment period. Landscape maintenance by the contractor as required is ongoing on a weekly basis.
- Relative to Council's decision to abandon the one foot strip of Town right-of-way to the east side of the new noise walls and to allow for fencing off of the gap between the noise walls and adjacent private property walls/fences, applicable Pima County residents have been contacted. Deliberations are underway between the C.I.P. and Legal Departments to draft the appropriate agreements.

THORNYDALE RD. / TANGERINE RD. INTERSECTION IMPROVEMENTS:

- The Developer's revised plans have been reviewed and accepted. The Town is finalizing the plans.
- Advertisement for construction: end of March or early April 2009. Construction to begin: May 2009.

TWIN PEAKS PROJECT:

- Conditional cultural clearance obtained, there are areas of further recovery that will need to be cordoned off from construction initially.
- 404 permit at Corps, Robert Dummer reports that permit will be issued January 6, 2009. Conditional environmental clearance obtained.
- Conditional right of way clearance obtained
- UPRR C&M agreement signed. Meeting before ACC set for Camino De Manana closure. Conditional railroad clearance obtained

- Qwest and ADOT have agreed to disagree on prior rights of their utilities at this time. Twin Peaks contractor will perform work while continuing to sort out who pays. With that, conditional utility clearance obtained.
- Demolition complete. Water service for Pioneer Landscaping out to bid. Work to be completed by first week of February, 2009. Once complete, final well can be abandoned at Barnes residential site.
- Project currently advertised with a bid opening scheduled in Phoenix on January 30, 2009. Sixteen contractors have purchased plans, including the successful CMAR contractor for Camino de Manana (Borderland), Ames (currently mobilized doing railroad doubletracking), Kewitt (currently mobilized doing the I-10 work in Tucson) and Granite (local yard on Tangerine Farms) which could help drive bids down.

TANGERINE FARMS LOOP ROAD:

- Punch list, site cleanup work, and project closeout continuing
- Drainage along Street A: Hunter Contracting completed grading work to enlarge scupper basins on Cottonwood property, Cottonwood to ultimately design and construct storm drain to direct all inflows to Cemex retention basin when site developed, per Development Agreement.
- I-10/Tangerine Road intersection cleanup and ADOT punch list items being addressed
- Format documents for project closeout Public Hearing received from Bond Attorney, final quantities, costs and reassessment approach being calculated

HONEA HEIGHTS WATER, SEWER AND PAVING PROJECT:

- Extra work negotiations were completed in mid-January 2009 and the contract change order for this work was fully executed on January 26, 2009. The paving project contract, which included two (2) Marana Water Department projects, was completed at only 12.14% over the original bid price.
- Paving work was completed at the end of September; final negotiations on extra work underway for final paving project close out in December 2008; sewer as-builts under review prior to submittal to PCWMD
- NAC Construction completed water improvement installation prior to July, system tied over to new service and site cleanup was completed mid July.
- Two additional sewer manholes, sewer main and service connections installed for low income housing project on town owned property on Whitney Lane, in new road alignment for Sydney Place
- Sanitary sewer as-built information is being compiled for submittal to PCWMD and ADEQ for final Approval to Discharge, to be submitted after final manhole rims adjusted to new street pavement elevations and final survey information and post paving inspections completed
- Connection of homes to new sewer main to begin after Approval to Discharge issued by ADEQ, program currently calls for approximately 200 homes to be connected over a three year period. Bid documents are in the process of being developed for the first phase of this work.
- Sidewalk construction planned once all homes are connected to the sanitary sewer system

CAMINO DE MAÑANA PROJECT:

- Design finalization is currently underway for the new waterline.
- Borderland Construction has been awarded CMAR contract; pre-construction services are currently underway which may result in some design modifications based on value engineering options the contractor may suggest.
- The Town is working with the Landscape Architect and Contractor to identify in the field the vegetation that is required to be salvaged. The trees and other vegetation will be boxed and removed/replanted in the project nursery by May 2009.
- Construction is estimated to start May 2009.

BARNETT LINEAR CHANNEL:

- Revised 60% plans are being reviewed. Comments will be in to the consultant by end of March 2009.
- The Town is moving forward with the Environmental Consultant to complete necessary environmental and cultural work to comply with NEPA. Submission of the draft will be submitted the week of March 16th.

PAVEMENT REHABILITATION PROGRAM:

- The Town is moving forward with rehabilitation/overlay of Tangerine Road between I-10 and the eastern Town limits. Marana Road (I-10 to Sandario Road) is also scheduled for a rehabilitation overlay.
- The Town staff met with ADOT's representative helping with the funding that is expected to come from the Federal Stimulus Money. The consultant is working to get the environmental requirements approved for construction.

SAGUARO SPRINGS/LA PUERTA WATER SYSTEM INTERCONNECT

- This project is completed and CLOSED.
- Installation of the new 8" was completed the week of December 8, 2008; approval of construction has been received from ADEQ .

C. LEGAL

WASTEWATER LITIGATION/TRANSITION

- The Court has set a March 30 at 1:30 pm hearing on the Town's February 23 motion to compel Pima County to turn over ownership and control to the Town of the non-flow-through portions of the wastewater system located in Marana.
- Town representatives continue to participate in PAG 208 Scope of Work Task Force meetings, regarding the transition of wastewater operations from Pima County to Marana. The most recent scope of work task force meeting occurred on March 12.
- Legal staff is participating in regular wastewater staff meetings to address ongoing transition issues.
- Legal staff is working on a new revised draft contract with Algonquin for wastewater system operation and maintenance services, incorporating comments received from internal Town review of the previous draft. The new revised draft contract is anticipated to be the subject of discussion at the March 20 staff wastewater meeting.

- New draft Town Code provisions addressing wastewater are expected to be worked on over the next couple of months.

CMID IGA NEGOTIATIONS

- By letter dated March 6, 2009 from Town Manager, Gilbert Davidson, the Town made an offer to purchase the five CMID wells being purchased under the cancellation agreement for \$298,500, subject to Town Council approval. The offer was based on an appraisal by the appraisal firm Erroll L. Montgomery & Associates, Inc.

POLICE DEPARTMENT PERSONNEL MATTERS

- Jane Fairall had oral argument in Pima County Superior Court on the MPOA v. Town of Marana special action on February 9. The judge took the matter under advisement and Jane continues to monitor the lawsuit.
- Jane Fairall continues to assist Town and Police Department management in drafting amendments to the Memorandum of Understanding between the Town and the MPOA.

PUBLIC WORKS PROJECT PROPERTY ACQUISITIONS

- Cedric Hay and CIP personnel met with a representative from Borderland Construction to finalize the pre-construction contract and to discuss the phasing of the project to coordinate right-of-way acquisitions with their schedule.
- Negotiations continue with the property owners relating to the right of way needed for the Camino de Mañana/Dove Mountain extension project headed up by Cedric Hay.

OTHER NOTABLE CIVIL MATTERS

- Frank Cassidy attended the March 10 Utilities Commission meeting, where the Commission voted to have the legal department prepare proposed amendments to Title 14 and Title 16 of the Town Code to combine the Utilities Board and the Utilities Commission, for consideration at the Commission's April 14 meeting. If recommended for approval, the amendments will be forwarded to the Council for consideration.
- Frank Cassidy and Karen Cushing are working on a draft reformat of the Land Development Code.
- Frank Cassidy is preparing a draft Tower Lease Agreement with SimplyBits, along with an extension of the Town's internet service provider contract.
- The legal department updated the official Town Code to include the new Unattended Children Ordinance and the new Water Fees.
- The developer's request for attorney's fees in the Superior Court is expected to be received within the next two weeks with regard to the DeAnza Referendum litigation.
- Cedric Hay filed a motion in the Superior Court in an attempt to resolve a case which should result in the acquisition of some property in Honea Heights which will then be used for affordable housing.
- Cedric Hay worked with Jocelyn Bronson, the MPOA and their attorney to resolve a question regarding the proper designation of political committees for the upcoming election.
- Cedric Hay worked with Jocelyn Bronson and the Pima County Elections Commission to resolve a situation about polling locations for the March 10th election.

- Cedric Hay worked with Jocelyn Bronson and the Pima County Elections Commission to prepare a Resolution and related legal pleadings to initiate a recount of the results of the March 10, 2009 election.
- Cedric Hay worked with Jocelyn Bronson to respond to two complaints from citizens relating to campaign finance requirements.
- Frank Cassidy, Jane Fairall and Cedric Hay met with representatives from the Town Manager's and Town Clerk's offices to discuss enforcement of the sign code during the election season.
- Jane Fairall finalized unattended children in vehicles ordinance which was adopted by Council on March 3.
- Jane Fairall continues to participate in focus groups regarding potential revisions to Chapter 5 of the Town's personnel policies.
- Cedric Hay continues to meet and work with lending institutions and the Planning Department to address illegal lot splitting in the Camino de Mañana area.
- Cedric Hay has been working with T VanHook to finalize documents which will enable the Town to transfer title to a house which it presently owns and rents to a local couple. With the assistance of the Community Development Staff the couple has been able to qualify for their own mortgage and will pay off the remaining balance that is owed to the Town.

D. MARANA REGIONAL AIRPORT

SEPTIC TANK

- Design is 90% complete
- Field samples were taken to be analyzed

BY-PASS APRON

- Construction began on 2/23/09 and they are 5% complete.

SECURITY FENCE

- Construction is 100% complete

AIRPORT ACCESS ROAD

- Construction is 90% complete
- Paving has been completed

AIRPORT TERMINAL

- Schematic design is 65% complete
- Schematic design will be transferred to DWL
- Design contract with DWL is being worked on

AIRPORT CONTROL TOWER

- Site Study is under contract with the FAA
- Continuing to work with Gabrielle Giffords for construction funding
- FAA completed on-site study of building heights
- Marana attended the FAA AFTIL lab on 11/17
- FAA is working on final draft of the site study

STATE LAND – ACQUIRE RIGHT OF WAY

- The Airport has submitted an application to State Land to acquire utility and roadway right of way to the west of the airport.
- State Land has received the application and it is being processed.
- The airport has selected W.D. Schock to help with land issues around the airport.

MARINE MONUMENT EVENT AT MARANA AIRPORT

- There will be a Memorial Service at the Marana Regional Airport on Saturday, April 11, 2008 at 10:00AM to honor the 19 U.S. Marines that were tragically killed in an MV-22 Osprey Tilt rotor aircraft accident at the Airport on April 8, 2000. Included in the Memorial Service will be the Tucson Detachment Marine Corps Color Guard, Apache Young Marines drill team along with various Veteran organizations' Color Guards. The names of the 19 lost will be read aloud with a rifle salute, taps and a dove release. The event is free and open to the public.

COLLINGS FOUNDATION RETURNS TO MARANA AIRPORT

- The Collings Foundation has announced that they will return to the Marana Regional Airport on April 17-19, 2009. The Collings Foundation's Wings of Freedom Tour made its first appearance at the Marana Regional Airport last year with three World War II bombers; a B-17 Flying Fortress, a B-24 Liberator and a B-25 Mitchell.

E. OPERATIONS AND MAINTENANCE

FLEET SERVICES:

- Pima County Sanders/Santa Cruz River Fueling Station Closure: Pima County has stated we would be given at least five days notice of the closure. Departments have been notified to either use the P-card or plan to fuel at the Pima County Fueling Station at Ina (across the road from MOC).
- Vince Loreface has gone to the Terex Special Vehicle facility in Watertown, South Dakota to perform a pre-paint inspection on the new bucket truck for O&M. This will allow us insight into areas and functions that may never be able to be inspected again. This is a typical review process for cab/chassis specialty conversions. Vehicle is scheduled for paint next week; delivery by the end of March, 2009.
- The first of the two Tahoes has been completed to a fully-outfitted police vehicle. In-house forces were utilized to design and construct the electronic cabinet for the various components saving the Town several thousand dollars.

STREET MAINTENANCE:

- Work to restore the fencing and drainage channel at the PGA parking lot on Tangerine Road will be complete by the end of the week.
- Washes in Continental Ranch will start being mowed next week.
- Parade Route for Founders Day will be cleaned starting Thursday, March 12, 2009.
- Selected neighborhoods are being swept and patched in areas of failing slurry seal (6 years old).

TRAFFIC SIGNALS/SIGNS AND MARKINGS:

- Missing street name signs on Tangerine Farms have been installed.
- Working with the CIP Division to have Contractor(s) complete punch lists on Orange Grove/Thornycroft Roads and Silverbell Road projects.
- Safety railings are being installed on the drainage ways along the new portion of Silverbell (Contractor).

F. POLICE

PATROL DRUG SEIZURE

- Officer Moreno and his K-9 seized 200 pounds of marijuana on sniffing freight for DEA on 2/26
- Officer Moreno and K-9, Officer Derfus and K-9 and Sgt. Warren assisted DEA on 3/5. 350 pounds of marijuana and approximately \$20,000 in cash was recovered. The Marana Police department will be included in any assets that are seized as a result of this case

ACCENTURE MATCH PLAY CHAMPIONSHIP

- Approximately 65,960 fans attended the seven-day event.
- Multi-agency involvement provided security through out tournament.
- No major incidents occurred during the match play with a rousing success.

OPERATION STONE GARDEN

- Twelve (12), "Operations Stone Garden deployments are scheduled for the month of March. "Stone Garden" is a federally funded program which provides for added Violator Directed Patrols

COMMUNITY RELATIONS

- Citizens' Academy – 22 students in attendance, meeting every Wednesday evening. We are in the 7th week of a 10-week academy.
- MPD provided free VIN Etching for 50 vehicles, free steering wheel locks for anyone who would use it, registration for Watch Your Car program. Assisted by 10 VIPS and 3 MPD staff
- 3/14- Hendricks Elementary School Jog-a-Thon: MPD conducted Kid Fingerprinting

HOMELAND SECURITY:

- 3/5 -Automated Emergency Notification System: Kicked off county wide
- There is a Marana Tabletop Exercise scheduled for May 8, 2009.
- Countywide Full Scale Exercise scheduled for November 2009. The Town will be involved.

TRAINING

- 03/9 Four new officers completed MPD Post Academy and entered the Field Training Officer (FTO) phase of their training.

SCHOOL RESOURCE OFFICERS

- Marana Unified School District Spring Breaks starts March 16-20 2009

G. TECHNICAL SERVICES

IT & NETWORKING

- Provided support on relocation of phone equipment within Police Department
- Added additional disk storage to GIS database server
- Reconfigured and setup Lenovo laptops in preparation for the Financial System MUNIS training
- Negotiating network service contract extensions with vendor.

GIS

- Produced map for a Tortolita Brochure that is being created by Tom Ellis
- Provided support on Legal Department's document database
- Completed address corrections for Pima County
- Updated imagery on MARGIS website

PD & COMMUNICATIONS

- Reprogrammed portable radios in support of security upgrade
- Final testing for 7.4 Radio system upgrade will conclude next week
- Installed satellite phones in Executive Boardroom and command vehicle
- Resolved firmware issues with new command vehicle data communication equipment
- Automated Emergency Notification System media launch occurred last week and training for administrators will take place in approximately 2 -3 weeks
- Ongoing online training on the new Motorola radio system

SOFTWARE APPLICATIONS

- Financial System MUNIS training and support is in progress
- Sharepoint Wastewater search functions and Key Manager form improvements in progress
- Identified requirements for Laserfiche data improvements with committee
- Reviewed Business License Software proposals and made technical recommendations.

H. TOWN CLERK

ELECTIONS

- Election results will be in March 17 Council packets
- Jocelyn is meeting with Mary Martinson at Pima County Elections on Thursday to revise the precinct map.
- Jocelyn is working with Barbara Christensen and Chris Roads at Pima County Voter Registration to update our voter lists, as over 325 postcards were returned as vacant or undeliverable.
- Final review of the Spanish translation for the publicity pamphlet for the Alternative Expenditure Limitation on the May 19 General Election and will have that to the printer by Thursday, March 19.

I. UTILITIES

WATER:

- Completed the replacement of 2" main line in Honea Heights.

- Continued inventory tracking measures inside the warehouse.
- Completed prep-work and coating of Honea East storage tank.
- Repaired 4" main line break in Airline/Lambert that was damaged by contractor.
- Commenced training on MUNIS software.
- Commenced training on FEMA's Incident Command System (ICS) online courses.
